

BILLING POLICY

ExosomeDx[®] *Prostate(IntelliScore)*

Exosome Diagnostics will bill your insurance company for the cost of the test, which is \$595.00. Typically it takes 60 days for insurance companies to respond to claims. You will most likely receive an Explanation of Benefits (EOB), which is not a bill.

If any insurance company does not pay the filed claim, Exosome Diagnostics will file an appeal your behalf. You will only be responsible for applicable copayment, coinsurance and/or deductible amounts specific to the coverage plan you choose. For non-covered services, Exosome Diagnostics has extensive payment program options.

If you have any questions or concerns, please call Exosome Diagnostics' billing partner, PDM, at (888) 843-7215 on Monday through Friday between 9:00 a.m. and 5:00 p.m. EST.
